

# A HOLE-IN-ONE ON THE 8TH HOLE WINS

Vehicle shown is not the actual vehicle. Just a representation.

Compliments of

# HELP KEEP OUR KIDS SAFE

Project Graduation was started in 1979 in Maine after the Oxford Hills community tragically experienced seven deaths during the commencement season. The event has spread to all 50 states and offers safe, fun-filled post graduation activities. Project Graduation provides an all-night, drug and alcohol free environment to our graduates.

It takes an entire community and lots of volunteers to create this special event for the graduating seniors. Your participation in the golf tournament or generous donation is greatly appreciated by the organizers and especially by the students who have looked forward to this event for so long.

Thank you for your support of the Kennett High School
