

Wilderness Youth Leadership Development

All students will begin the WYLD experience with the Community and Team-Building model, which is an immersion into the Adventure group process and exploration of Adventure Basics. Students will learn to understand their own leadership styles, how teams work, and how a group can perform more effectively.

THIS PROGRAM WILL ALLOW STUDENTS TO:

- Build on the basics of adventure programming
- Identify and develop one's own leadership
- Deepen their awareness of accountability and responsibility

The KHS WYLD club meets weekly after school on Wednesdays from 2:30pm to 4:45pm. Students should come prepared each week to participate in an outdoor activity. Students will participate in a variety of activities including hiking, rock climbing, kayaking and other outdoor trips. Students will be called on to plan and execute field trips from conception to participation. The club provides a safe and drug free atmosphere for all students and promotes healthy lifestyles and lifestyle choices.

The club is currently run by JAG Specialist Hattie Perkins (h_perkins@sau9.org) and Student Assistance Provider Charles Mulcahy (c_mulcahy@sau9.org)
